Foreword . . .

Today we are facing a world that is in a chaotic turmoil; a world in which greed and lust are distorting the truth. We are struggling to keep Democracy afloat, and preserve those liberties which are so precious to every man and woman. How useless would all our knowledge be if it were not back-boned by a pure American thought. It would be like a sky-scraper built on a foundation of mud.

We have, therefore, attempted on the following pages to picture the life of the average young American man and woman attending a school where the instruments of education are primarily a pencil and a textbook instead of a gun and the "Dictator's Creed."

MR. GEORGE A. RICHARDS, M. S. in Ed.

Dedication . . .

The LEDGER, in behalf of the Senior Class, takes this final opportunity to show its appreciation of a man who has been a friend to all who have known him. It is intended that this Dedication should serve as a personal "Thank you" to Mr. Richards for all that he has done for the Senior Class.

The President's Message

CLASS OF 1941:

This is one of the last messages that will come from my desk to you, and the space allotted to me is all too small to compass the wealth of affectionate greeting and good wishes I would send you.

It seems but yesterday that you came to Bryant. How quickly you settled into your College life and began to add your own imprint to that left by seventy-seven other classes which have filled these halls and classrooms. No two classes leave exactly the same mark; no two of the thousands of individual students have left memories of exactly the same individuality and achievement.

It is my sad misfortune to have only a casual acquaintance with some of you, but my great GOOD fortune to have watched over the development of every one of you and to have guided your footsteps not only toward your success as businessmen and businesswomen, but as good citizens, as good Americans.

Only yesterday you came. Today is here so soon.

I hope you will carry with you, as you leave your Alma Mater, happy memories of your yesterday, contentment in your today, and eager hopefulness for your tomorrow. Your instructors, your administrative officers and your President will watch all of your tomorrows pridefully, not for just a year, not for just two years, but for always. Many of you may go to far-distant places, to far-reaching successes, but always your College will be watching and applauding your progress. May you, too, continue to feel the bonds of loyalty and happy memories there are between us who remain here at Bryant, and you who leave it so soon.

Class of 1941, I give you this beautiful old Sanskrit prayer:—

"For YESTERDAY is but a dream, and TOMORROW is only a vision.
But TODAY, well lived, makes every yesterday a dream of
HAPPINESS, and every tomorrow a vision of HOPE."

President.

In Memoriam

THE students arriving back to College after their Armistice vacation were shocked to hear of Dean Barber's passing. Although he was out for some time because of illness, the students were looking forward to Jerry's return. Through the years at Bryant, Dean Barber had a place in his heart for each and every one in the B. A. Division. Although sometimes he seemed stern, it was with the idea of developing and bringing out the best in everyone.. His every thought was in his work, helping others—he will be remembered by thousands who can never forget him.

Bryant Forever . . .

Bryant, forever! Alma Mater, dear.

We are wiser

Beyond measure

Having learned our lessons here.

With stout hearts

And with strong minds

We now meet life's tasks anew.

Bryant forever

Our hearts ring true.

Bryant, forever! Alma Mater, dear.

Loudly we'll sing,

To you bring

Loyalty through the fleeting years.

For our mem'ries

And our friendships

And our happy days with you.

Bryant, forever

Our hearts ring true.

CLASS PROPHECY

Class of 1941

BUSINESS ADMINISTRATION DEPARTMENT

Larry Rich and I have met at this convention, and during the course of our conversations the real truth as to what has become of our classmates of '41 at Bryant has reared its ugly head. Read it and weep.

The president of the class of '41, Phil Dorr, has been promoted to a position as WPA Supervisor after 14 years of hard (?) labor. It seems that the big boss paid his yearly visit to Phil's project and found our hero sitting up while 47 other men and Johnny Hull were doing their usual sleeping act. We knew he'd make good.

Tommy Stanford has just been divorced by his ninth wife. We think he is trying to beat Bill Vican's record of 12, but he is weakening under the strain. Tommy says, quote "If at last you haven't succeeded it's monotonous, aint it?"

The movie industry has been given new life by replacing all its old heroes with America's greatest Lover, Ken Hazard. He used to beat them off with a stick when he was at Bryant.

Flash! The five year old record for sleeping, which was 6 days 23½ hours straight, has just been broken by "Sleeping Beauty" himself, Paul Ryan, by a snooze of exactly one week without waking.

Pete "the Boy Artist" Healy, Silent Joe Crawford, and Hank Kovacs have made their fame in the field of Law. They are the guys who keep Ed Lis's chain of gambling establishments open and Eddie out of the "klink."

The Simms' Chain Clothiers has just opened a new store. Bill says very modestly "I use a special non-escapable lasso to rope them in." Aiding in this great enterprise are Maurice Fitzgerald, Vin Ciaburri, and Dagwood Cole, all Vice-Presidents in charge of lasso twirling.

Ed MacCulloch is really a success in the floor covering industry. You have the floor, Ed is the floor covering.

Bob Wolfe has succeeded in putting out a revolutionary automatic food preserver that will keep vegetables as fresh as when picked—and their not frozen either.

Mary Florini, Ray Galliguet, and Herman Rosen are now members of the faculty at Bryant. What is happening to the students shouldn't happen to a dog.

Babe D'Auteuil and Red Smith, after a 14-year stay in Haiti with Cliff Brandt, have decided to make the island their home and dedicate their lives to the promotion of afternoon siestas.

Tony Fera, Everett Hall, and Ed Galiskis are now touring the country with their Yacht-Club version of "Hellzapoppin."

Bill Coleman alias the "old souse" has been trying to make rich Art Nelson's now aging housemaid Ann Carani for the past twenty years. He is still at it.

Chubby Oakes and his band (No sour notes with Chubby Oakes) with Li'l Maude Shaddock as vocalist are a sensation these days. We also hear that Chub and Maude are Mr. and Mrs. Oakes and have several little Acorns.

Hal Lindsay, is now President of American Utilities, Inc. His chief trouble is forcing Tom Lally, the CIO & AFL leader into line. Longer hours and less pay, says Hal.

Slingin' Sammy Leonard has won fame as the most hellish of the Hell Drivers. Even Doris Roberge (you know, the heiress) couldn't force Sam to slow down on the curves.

We also hear that Jimmy "the voodoo" Erlin is now showing his great Magico Act at the million-dollar Scuda Hotel in New York. By the way, the hotel's main dish is nothing else but those famous Scuda's Beans, served on Monday, Tuesday, Wednesday, Thursday, Friday, and Sunday. Saturday is left out in memory of the poor B. A.'s who ate, drank and slept the aforementioned beans for 4 weeks in a row.

Gordon (Personality) Meiklejohn has taken Mr. Lee's place as Pawtucket's leading citizen. He also succeeded in merging Saylesville and Central Falls by wedding the fair Irene. We hear Miss Krupa was broken hearted.

Bob Maggiacomo is king of the sixper-centers out in Cranston, with Buddy Burnham as his chief muscle-man in charge of collections. Prof. Lambert please note.

Fred Bullock is owner of Bullocks Inc. men's jewlers. He says his success is in keeping his styles just a step of the others.

Porky Eliasson is playing second base for the Dodgers, with Tim McCarthy managing. Porky is subsidizing all the potential big-league talent at Bryant.

Tony Lancelotti and Charley Dreschler are the leading contenders in this year's Davis Cup matches. They always did have something on the ball.

Bill Henry is active in the production system in a good sized factory down in East Greenwich. He has been offered the job of president twice but says "Production is more interesting than conference tables.

Ernie Jordan and Bob Bergman are running sightseeing tours through Providence, Cranston, Pawtucket and way-stations. The price is reasonable, and they know all the best places to go for a good time.

Charlie Memmott is the Fuller Brush Co.'s leading salesman now. He has invented a gadget that prevents the busy housewife from bashing his nose in with the door.

Timmy Harrington has become a Rear-Admiral in the Navy, and a good one at that, but he took Locky Whitely's advice and stayed out of the submarines. Locky is making millions selling copies of the notes he took at Bryant to the poor students.

Rit Larson and Dick Walruth are star models these days. Rit models the clothes and Dick the jewelry sold by Simms and Bullock stores.

Johnny Norberg and Jim Britcliffe have collaborated on a book now very popular among college students. It is a scientific treatise on how to sleep in class without disturbing the profs.

As for Larry Rich and Cueball Allen, after this stuff was made public we were immediately tossed into a psychopathic ward and are now experts in the fine art of getting out of a straight-jacket.

CLASS PROPHECY

Class of 1941

COMMERCIAL TEACHER-TRAINING

Ah! Let's spin the wheel of time and look into the deep, dark future of 1951. It is spring vacation, the proverbial time for all good commercial teachers to make their annual pilgrimage to the E. C. T. A. Convention, which is this year being held in our nation's capital at the Weaver Hotel, owned and operated by Mr. Lee Weaver, who has become a shrewd businessman in several fields of endeavor besides his first enterprise, the printing of a prosperous chain of newspapers throughout the entire U. S. and its possessions.

As Miss Josephine Toole, now Dean of a large progressive business school in New England, and I sit in the lobby idly watching the various members of the professional stroll in to register, we are surprised to see a one-time soldier who has recently been transferred to the naval branch of our national defense and promoted to Rear Admiral because of his invention that automatically puts out fires aboard ship before they start. Of course, you know by this time it could be no person other than Rear Admiral Leonard Sweeney, and with him is the greatest athletic coach of the century, who has brought not only wondrous fame to our alma mater, but also had phenomenal success in producing Olympic winners, Coach Curtis Dickenman.

After a general handshaking and exchange of greetings, we find that all these people have come to this Convention to see Prof. Theresa Cranci demonstrate the latest invention which has shocked and

rocked the business world—an apparatus that records and produces dictation simultaneously in a fraction of a second, and another forceful speaker, who is expected to draw an exceptionally fine audience is that sagacious successor to Emily Post, Miss Dorothy Hines, who is going to give us pointers today on problems of etiquette, infinitesimal and significant, with the entire meeting brought to a dramatic climax by the presentation of the newest styles and coiffures designed and originated by Madame Alice Hines, who has proved to us all that we certainly no longer have any need for Paris.

But look, who is coming through the revolving door now! If it isn't Mr. and Mrs. James Donald Robertson and several little Robertsons. Mr. Robertson is receiving congratulations for recently being doubly honored by his election as both President of the New York Stock Exchange and Chairman of the United States Racing Commission. Naturally, you remember Mrs. Robertson, the former Miss Angela Nagle, who last month published her now famous book, the watchword of every young sweet girl, "How to Win'm and Keep'm."

However, we have been watching a very distinguished gentleman, head of the United States Diplomatic Corp and Chief of the F. B. I., and even the slightest glance will show that the Hon. John M. Majoros has really earned this eminent position, for he still hasn't lost his eye for, shall we say, "looking them over."

Who are all these prominent people and why have they congregated at this time? Why surely you remember our teacher-training graduates of the Bryant Class of '41, and this is their Tenth Anniversary. What greater successes will they achieve—only time will tell.

CLASS PROPHECY

Class of 1941

SECRETARIAL DEPARTMENT

The summer of 1951 finally rolled around and vacation time approached. Our tickets were ready, bags packed and an automatic taxi waiting outside ready to take us to the airport to get aboard the shiny new streamlined plane called "Rocky Limited." We found our seats which were next to a woman who was pouring over some notes. To us these notes appeared to be transcript papers and to our amazement was Miriam "Smitty" Smith's paper on top full of errors as usual. The lady glanced our way which gave us an opportunity to talk. She proceeded to tell us how often she traveled by air and that this particular plane was her favorite. It seems that the designer of the plane was a classmate of hers in 1941 of Bryant College, Providence, R. I. She told us that this fortunate man was none other than our famous Francis Rocks. The minute we heard this and the name of Bryant College we were dumbfounded. We told her that we were also graduates of Bryant of the same year. This woman to our astonishment was Jeanne Jette still running errands for Mrs. Stickney, only instead of running these errands in the college, Miss Jette travels from coast to coast as Mrs. Stickney's private secretary.

At Chicago, Illinois, the plane landed for a few hours' stay. As we were getting off the plane we saw a familiar walk. He was tall and lanky with fast-losing hair. He was introduced to us as the Robert Marshall. But of course we didn't have to be told his name for one look at him when a blond went by told us who he was without hesitation. We walked to the airport restaurant to get a bite to eat. Bob told us how he became the pilot of Rocks plane and also gave us the bit of news that he had married his Connecticut friend and was now the proud father of four children.

While eating a hearty meal the manager walked by and Bob called her over. Here it was our well-dressed friend, even to earrings, Lee Smith. Her room we recalled was spattered with pictures of planes. Her admiration for these secured her the position she now holds. Familiar faces throughout the dining hall appeared. Across the hall was a couple deeply engrossed in each other and still holding hands. This gesture gave them away without a second look. They were McGee and Hall. We walked over to say hello and discovered a gold band on her third finger left hand. They were finally on their honeymoon. McGee informed us

that her bridesmaids were Beulah Keith, who was now working as a model for Nick Pagliaro's Haberdashery, and Peggy Hall employed as stand-in for Martha Rae in Hollywood.

Over in one corner of the room were three stately (we don't mean it) girls who had waitresses' uniforms. They were Rita Guilmette, Helen "Buggy" Gogucki and Kay "Baby-faced" Confietto.

Over in the fifth corner at a table were three over-dressed, inseparable women still retaining their maiden names but still having hopes. They were Dorothy Young, Bernice Quinn and Helen Anderson.

The plane was scheduled to take off in five minutes so good-byes were said and we were on our way. On the way out we saw "Pudge Southwell drinking her usual soft drinks.

We landed in Hollywood our last stop by plane. We walked down the Boulevard and came across Betty Davis taking over the place of Betty Davis of 1941. Further down was a famous bakery. We stopped in for some doughnuts and to our surprise found Mary Schroff running it with over-enthusiasm.

A visit to the Gillis Studio brought us in touch with Rhoda Levine, receptionist of the studio and Laura Abromowitz as secretary to Martha Rosenberg the black-haired

beauty of Hollywood. At the same studio we spied Avis "Astaire" Metcalf showing her ability at tap dancing.

We went over to the Head Hotel and recognized the name Evelyn Adams the deb' of 1941 and now famous author, above our signatures. We paid her a visit and on her knees was Janet Bryan fitting a dress to Miss Adams. Evelyn asked us to join her cruise party to Havana, Cuba, which consisted of Bobbie Jones, the Famous Rumba Queen; Dina DiMassimo, noted for her delicious spaghetti dinners; Hilda Lubosh still knitting the same yellow sweater started in '41; Mrs. Sis Erlin and Bobbie Bowen trying hard to find the one who will satisfy her for life and place a Misses before her name.

We arrived in Havana, Cuba, and there stood Maxfield Kirby ready to take our bags to the Virginia Rogers Sweeney domicile. That night the party went over to the Bazan Cafe. Another party occupied the tables next to ours and there sat Marta Gallart with the inevitable chaperones.

And oh yes, the leader of the all-girl orchestra was the none other Ray "Romeo" Anderson.

We had stayed over longer than we intended so the next day we climbed into a clipper plane which took us back to the United States.

Kappa Delta Kappa was founded as a national sorority in 1929 and later became a state organization. The colors are green and white and the gardenia is the flower. Members are initiated into the sorority twice a year followed by a pledgee dance. A rush party was held at Salisbury Hall and was very much enjoyed by all.

Besides the Season's Formals, Fall, Winter, Spring, and Summer there were many other gatherings enjoyed by the sorority. Among these were: a swimming party, rush party, and a frankfort roast.

Each year the sorority looks forward to a bigger and better year.

In 1932, Beta Theta Chapter of the national sorority, Sigma Iota Chi, was established in Bryant-Stratton College. Since that time, the sorority has been carrying on its fraternal activities as the only national organization in the College.

Every two years, a national convention is held, at which members of all the chapters throughout the United States meet and enjoy three or four days together. This year, the convention is to be held at the Cliff House Hotel, Manitau Springs, Colorado.

During initiation week in the Fall, we enjoy the fun participated in by all the sororities and fraternities on the Campus. Then comes the first big affair of the season—the Pledgee Dance, to which all the pledgees are invited. This dance is usually held in one of the hotels of the city or one of the night clubs most popular with Bryant students.

On December 12, each chapter celebrates "Founder's Day." On that day in 1903, the first chapter of Sigma Iota Chi was founded by Greer A. Duncan, of the United States Navy. Also in December, Sigmas celebrate the Christmas season by attending a Christmas party at the home of one of the members of the chapter.

January brings the biggest affair of the school year—the Winter Formal. This year it was held at the Narragansett Hotel, Providence.

This Spring, we look forward to dances and a week-end party. Recently we were visited by our National Worthy Scribe, Mrs. Delporte of Missouri. We shall meet the other National officers as well as the members of other chapters at the convention in June.

Beta Sigma Gamma was founded a number of years ago for girls of the Jewish Religion. Miss Cynthia Caldwell is the faculty advisor.

This year eighteen members took part in the activities of the Sorority. Many affairs were held with the brother fraternity, Sigma Lambda Pi. A rush party was held at Salisbury Hall. A well-attended formal was held at the Crown Hotel. Among other sorority events was a roller skating party at the Hillsgrove Country Club.

The colors of the sorority are blue and white and the flower is the gardenia.

Sigma Lambda Theta was founded in 1929 to promote the interests of Bryant College and unite for social purposes. The Greek Letters of Sigma Lambda Theta stand for Sisterhood, Learning and Honor. The colors, red and white, represent courage and purity. The red rose is the flower of the sorority. Dean Blanche G. Stickney and Miss Elisabeth Collins have been the Faculty Advisors throughout the year. The motto "Esse Quam Videri" is translated "to be rather than to appear".

The big events of the past year included The Pledgee Dance which was held for the new members of the sorority and of the brother fraternity, Beta Sigma Chi, during the Halloween Season at the Sheraton Hotel. The Christmas Dance was a Dinner dance at the Biltmore Hotel Garden Restaurant. The main attraction of the May Formal was the choosing of a May Queen by Mr. and Mrs. Rufus Stickney and Mr. and Mrs. R. Lucien Appleby, who acted as chaperons and judges. They chose Marta Gallart as May Queen and Kay Albert, Mary Elizabeth Anderson, Viola Carnelli, Barbara Jones, Noella Lagasse, and Helen Lynch as attendants.

A Summer Formal and a Moonlight Sail have been planned for the summer months.

Red and Black . . . you named it . . . the Tau Ep boys. They have been promoting scholastic, social, and athletic achievements since its organization back in '29. Many of Bryants' successful graduates have been members of Tau Epsilon.

This year, Tau Epsilon has lived up to its standards of those who organized the fraternity. They have had its usual three formals; participated in the basketball and bowling league; had outings in Wyoming, Rhode Island; and we had a grand time everywhere.

Tau Epsilon has been fortunate enough to receive the thorough guidance of their large group of faithful advisors, Mr. Allen, Mr. Mercier, Mr. Richards, Mr. Ripley, Mr. Russell, and Mr. Tillinghast.

Again this year Phi Sigma Nu has proved itself worthy of being a fraternity in Bryant College. The annual Popularity Dance was an outstanding success. Miss Helen Lynch was chosen Miss Bryant and presented with a loving cup.

Other features of the fraternity was a summer cottage at Point Judith, where the boys spent two enjoyable weeks last summer after exams. They are looking forward to another sojourn there this summer.

Phi Sigma Nu also featured a very capable basketball team, Bryants first baseball team, and belonged to the bowling league. The boys are looking forward to another year of achievements.

A State chartered organization, Beta Sigma Chi was formed on May 6, 1925.

Beta continued to be one of the most active Fraternities on the Campus sponsoring and competing in numerous activities. This year the bowling team, though it did not compare to last year's championship team, was a constant threat to the leaders and at all times they were in the running. The Beta Sigma Chi basketball team made a good showing finishing right behind the winning team.

Pledges were given a Smoker at Bungy Lake and later initiated with all due color and trimmings. This year the Pledgee Dance was a formal affair and was held jointly with the Sister Sorority Sigma Lambda Theta. This dance was held at Sheraton Hotel and it was a great success. A few dances were held at Seekonk Rod and Gun Club. An Electoral Banquet was held at Marconi's Restaurant where the following officers were elected:

A banquet was planned for all Beta members with the following notable Beta Alumni to be present. Professors Appleby, Gulski, Lee, Naylor, and Mr. Etzel. A spring formal was also planned.

In addition to being the oldest Fraternity in the College we have our own Mr. Chapman Appleby, a charter member, on the faculty staff. The late Dean, Jeremiah C. Barber, whom we all knew as "Jerry" was a faculty Advisor for many years.

ACTIVITIES

LEDGER STAFF

The Ledger Staff worked diligently and conscientiously in order to offer to the students of Bryant College one of the best yearbooks that it knew how to publish.

Behind the scenes in the compilation of the Book were . . . stacks of pictures, write-ups, sketches, rough drafts, dummy copies, and the many other articles which were necessary to make up a yearbook . . . each staff member had a particular job to do and did it well . . . now the project began to look like something . . . covers were delivered . . . inside pages were filled up . . . advertisements and personals came in . . . finally toward the end of June the entire book was completed. About the second week in July each subscriber had his copy.

It has been a great deal of work, but at the same time, a lot of fun.

Thank you students, for your co-operation.

The Bryant Debating Club has completed its initial year successfully. Its aim has been to round out the members' personality and create a mind that will strive towards the right policies by means of questioning that which is good and bad. This has been done by a series of "live wire" debates on the following list of subjects:

1. Shall United States Tender full Aid to England?
2. Resolved: That College Students Gain More Knowledge by Group Studying.
3. Will the Lease-Lend Bill Keep United States Out of World War II?
4. Resolved: That United States Should Train Its Women as Well as Its Men In Event of a Future Major War.

Elections at the beginning of the year placed Larry Rich as president; Mary Ronne as vice-president; and Ann Carani as secretary. David Etzel aided the club by acting as faculty advisor and president over a number of debates.

The meetings we have had will not be soon forgotten and we, the graduating members, sincerely pass the responsibilities over to the newer members and know that they will enjoy meeting once a month to learn new ideas and gain confidence in their first right in this country of ours—freedom of speech.

Greek Letter Dance

1st Row—Left to Right: R. Marshall, L. Giorgi, J. Paolantonio, A. Fera, M. Schroff, E. Jordan,
2nd Row—Left to Right: E. Williams, A. Skalko, V. Lagerman, B. Scuda, K. Albert,
C. Memmott, Jr., M. Mathews, J. Erlin, D. DiMassimo.

Success was the word uttered by all who attended the Third Annual Greek Letter Dance. This year the dance was held at the Wannamoisett Country Club. The spacious rooms and the wide verandas were a refreshing setting for the rhythmic music of Tommy Reynolds and his orchestra.

The dance was sponsored by the sororities and fraternities of the college and was managed by a committee composed of the officers of the sororities and fraternities, Co-chaired by Jimmy Erlin and Ben Scuda '41. This committee labored long and diligently and it was through its intense efforts that the dance was such a success. We hope that next year's committee will be as capable and as inspired as this year's.

At 12:00 the students who were not able to attend had the pleasure of hearing the music of Tommy Reynolds from the dance through the facilities of W P R O.

Dormitory housemothers were invited as chaperons and were presented handsome corsages by the dance committee. A large number of the faculty were present.

Gaity and friendliness prevailed and we look forward to next Spring for the Fourth Annual Greek Letter Dance.

Bowling

For the third time the faculty "Steam Roller" again rolled its way into the championship.

At first it was planned to have a three-round league. At the end of the third round, the Tau Epsilon boys were sticking out their chests as victors. Plans changed to a four-round league, and though it was very close until the very last pin was downed, the professors managed to eke the championship by a very small margin of one point.

Mr. Richards again, for the third consecutive year, has the highest average for the season. 117. Pretty good for 60 strings don't you think? Another outstanding individual "Walt" Holehouse, now one of Uncle Sam's boys and one of the Tau Epsilon's boys clinched high single with 184, and high three with 448. Team honors were divided between the Faculty, who had 1737 for a high team three record, and Tau Epsilon, who had 629 for the high team single.

Members of the faculty team consisted of: Mr. Richards, Mr. Lee, Mr. Etzel, Mr. Lambert, Mr. Naylor, and Mr. E. Gardiner Jacobs.

The following are the averages of the ten highest bowlers for the season:

Again this year, as usual, Bryant's orchestra was the most enlightening organization on the campus.

The orchestra it can safely be said, was the spark of all those assemblies that we students eagerly look forward to, especially since they have added a few, new, fast-time, popular pieces to their library.

Besides taking part in all our own assemblies, the orchestra has made special appearance on the Alumni Day Program, and the Rhode Island Scholastic Press Conference, in which their music was well appreciated by those who attended.

The success of the orchestra is due to the able and patient direction and supervision of Professor Handy, and interest of those who participate in this musical organization.

**"A Club for Girls to Keep in Trim,
And One That Will Make Us Nice And Slim."**

The Riding Club is one of the College's newest and most unique club.

Meetings are held every Saturday morning from 9 to 12 at the Meshanticut Park Stables in Cranston. Instructions are given to the members at every meeting by professional riders. One of the many attractions is the horseback rides that the club has had on moonlight nights.

At present the club consists of girls, but every meeting their admirers have been on hand to give or get helpful advance on "How to ride a Horse."

Basketball

For the second consecutive year Bryant had a successful intra-mural basketball league since its discontinuance in varsity competition two years ago.

Much credit should be given to Mr. Richards and Curtis Dickenman, under whose able direction the league was successfully run for the two years.

This year's program consisted of one 6-team league, rather than last year's two 4-team leagues.

The smooth working Arabians "copped" the league by losing only one game. The only competition that they received came from their tilts with Tau Epsilon and Sigma Lambda Pi. Both Tau Epsilon and Sigma Lambda Pi lost two games apiece, thereby making them end up in a tie for second place.

Members of the winning team were: G. Meiklejohn, (Captain); D. Seaton, J. Leach, J. Thomas, Jr., L. Morrison, R. Wright, A. Eliasson, and P. Feeley.

Much enthusiasm was shown throughout the season in that there were always five men on the floor. Even the teams who didn't have a chance went out there to the last, and figured in the participation—for fun, exercise, and otherwise. The sidelines were always filled with enthusiastic fans, including faculty members, girls from the dorms, and many boys who unfortunately did not care to participate.

All in all we had a swell time and hope that Bryant keeps up this athletic program for many years to come.

The standings:

1. Arabians
2. Tau Epsilon
2. Sigma Lambda Pi
3. Phi Sigma Nu
4. Beta Sigma Chi
5. Independents

In October of 1940, Mr. Allen, Executive Secretary of Bryant College organized what is known today as the Key Society. From the original six charter members the organization has grown until it now has a membership of thirty-four.

The members of the Key Society act as a student advisory committee for campus activities

To become a member of the Key, Bryant students must be on the Honor Roll either three consecutive semesters or four semesters while they are at Bryant. This aids in furthering the scholastic standing of the student body.

The most important point concerning the Key is the effect that it has in the Placement Bureau. When Mr. Ripley can say "This student was a member of the Key" it is a good selling point, because most employers understand its significance and those who do not are soon informed.

In a college of business education, membership in a Honor Society has a distinct concrete value.

The reward for attainment of the Honor Society is a beautiful gold Key mounted with the seal of the school and inscribed with the initials of the winner.

The Key Society is sponsored by the faculty and administration of Bryant College with the idea of creating in the minds of the student body the ambition to obtain better standing in their school work.

In March 1939, the members of the Teacher Training Class, under the direction of Mr. Hammond, organized a club which was at time called the "Bryant College Teachers' Organization." The purpose of the club is to keep the teacher training students in touch with both the College and the other members of the organization after graduation and to help each other within their profession.

Today the club functions under the name of Beta Chi Tau. During the two years of its existence, the members have enjoyed social functions similar to those of a fraternity. Its business functions will be greater as the number of graduates increase.

At a banquet, held recently, new officers were elected for the coming year:

Vice-President.....	RITA KEENAN '43
Secretary.....	AVIS GARDNER '43

Did you know - -

That Mr. Ripley's hideout was once the quarters of the Superintendent of Nurses.

That Miss Krupa's room was in the kitchen of the old mansion

That the cafeteria once housed the coaches owned by the tenants of the Mansion

That horses once claimed the right of tenancy in the Gym

That the cafeteria was once in the cellar of South Hall and the students had to eat outside

That Bryant College now consists of nine buildings

That the front door knob was once used on a door of the old Waldorf-Astoria

That the article which looks like a match-scratcher was once a bell which was rung by hitting it with the handle of their whips.

And we wonder why there is a trap door in Mr. Richard's office.

This is Americanism

A Student Editor's Definition of Americanism

BY GUNNAR HORN

One day the Dean sent a note to the staff of the College Paper to boost Americanism.

The editor came to me and said: "I've been thinking about this. Just what is Americanism?"

"What a question for a bright young American to ask!" I said. "Why, Americanism is the most fundamental thing in our lives. It's the spirit of freedom functioning in an organized self-government. It's a legal system we've voluntarily chosen to abide under. It fuses and brings together people of many races and creeds. It's the" I looked squarely at the young chap, and saw that my words didn't mean anything to him.

"I guess I'm dumb," he said, "but I still don't understand."

"No," I said. "Perhaps I'm not too clear about it myself. Let's put the question before the staff. Maybe we can work out a definition together."

I was glad I thought of that. Letting the group settle the question was a sample of Americanism. The editor acted as chairman, as he always does at staff meetings. The first suggestions had that same barrenness of stereotyped phrase that had killed my definition, but presently we got down to the facts behind the words. Some of the things we worked out weren't much good, but some had meaning. Here they are substantially as the staff hit on them:

You are living under Americanism—

When you can disagree out loud with the party in power.

When you can worship in any church that you want.

When teachers and textbooks give you facts instead of propaganda.

When the newspapers you read aren't regimented by the government.

When a housewife can do her shopping without a ration card.

When you can talk with your friends without wondering if there's a dictaphone hidden somewhere.

When you can open a letter and know someone hasn't beat you to it.

When you can telephone without wondering if the line is tapped.

After listing these ways of spotting Americanism, the editor pointed out that we still didn't have a definition. That required thinking, but finally the group hit on the following:

Americanism is a way to spread power. Among the groups we trust it to are: the President, Congress, Federal courts, state governors, state legislatures, state courts. Power is precious, and Americanism puts it on a plate and passes it around. No greediness, please.

Americanism is another way to spell Democracy, which means, "Let the majority rule." Just to be safe, we protect ourselves with laws so that even the majority can't get too dictatorial.

When the meeting ended and the group left, laughing, trusting life, with faith in their country, I smiled and thought, "Confidence in the future is a phase of Americanism, too!"

Commercial Teacher-Training Outing

Onset, Massachusetts

On the sunny morning of Tuesday, June 24, we packed ourselves in our classmates' automobiles and drove off to Onset for our annual outing. Despite the fact that it rained heavily the previous day, Tuesday was ideal for a picnic.

After a full morning of swimming and sun-bathing on the beach, the picnickers went to the picnic grove in Buzzard's Bay for lunch. A swing at the grove served as an appetizer for those who still lacked an appetite. Our sandwiches were exchanged; sour pickles, fresh fruit, and candy were freely passed around. Refreshing cold drinks were bought at Parker's, a few yards away. Everyone had plenty to eat.

To digest our hearty lunch we tramped across the fields to the banks of the Cape Cod Canal to get a better view of the gorgeous scenes of the Cape.

Camera friends were at work every minute of the day, snapping us in our most undignified positions. Leonard Sweeney was present with his moving picture camera to capture some of the merrymaking for future reference.

There was never a dull moment with Nick "Life of the Party" Corocci around. His antics caused everyone to be in an hilarious state all day long. Of course, Professor F. Douglass Hammand and Mrs. Hammond were there to share in the fun.

The afternoon was spent on the golf links, in the bowling alleys, on the tennis courts, and in the rollar rink. Donald Robertson, Curt Dickerman, and John "Sailor" Majoros displayed some fancy swinging on the golf links. Angela Nagle and Virginia Rogers spent their afternoon in the Rollar Rink. Millie Bucolo, Danny Quartaroli and Mary Walsh had their usual beginner's luck when they played their first string in a bowling alley. Leger "Flash" Morrison challenged Peggy Chytilo to three sets of tennis. Results are unknown. And if the girls still weren't occupied there were always Dick "Porky" Hern, Jimmie "Weasel" Surabian and Jimmie Walsh around to cheer them up.

A very obliging senior (Lee) paused long enough from roller skating to take the small band of "freshly" freshmen to the much-talked-of town of Falmouth,—Connie De Mello's home town. Mrs. De Mello was on hand to greet them. Camp Edwards being only a few miles away; Helen Lackey, Ann Montello, Rita Keenan, and Ellen Williams slipped away to visit Helen's brother at the soldiers' camp.

Toward evening the picnickers spent the last few hours at the Penny Arcade testing its various degrees of skill in love-making and sharp shooting. Alice Hines, Ruth Westall and Dorothy Hines enjoyed a few games of Bingo.

There were many aching bodies and painful sunburned backs for the next few days but who cared? It was worth it. Everyone had a good time.

Herman Rosen of Hartford, and Anthony Lancelotti of this city headed the committee in charge of the outing.
